<b>B.A. BIOL</b>	<b>ALFRED UNIVERSITY BIOLOGY</b>	<b>SUGGESTED 3 YEAR PROGRAM OF STUDY FOR TRANSFER STUDENTS</b>
------------------	----------------------------------	--

Career Goals:

The recommended schedule below assumes that the student has completed no Biology or Chemistry courses, but a full year of courses that fulfill CLAS General Education requirements. If the student has completed a full year of college courses, but not the General Education requirements, then more General Education courses will need to be taken in the sophomore through junior years. Completion of acceptable Introductory Biology and/or Chemistry courses may allow students to take more advanced courses, in consultation with their advisor.
